Stainless-steel Two-ear clip

**AISI-304 Stainless steel (A2)**

Two-ear Clip - A20R INOX W4

Information	Ø Application		Reference W4	A	B	C	D	E	Box Quantity	Packing	Colour
	min.	max.									
<p>The use of Two-ear clips is an economical solution for many simple hose assemblies, used with air or other fluids. The two ears give the clip extra grip and help to maintain constant pressure around the hose. Fitting is more flexible and exact. The practical design of Two-ear clips means that they clamp firmly on to the assembly and cannot be removed once mounted. The edges are rounded to avoid damage to the hose.</p> <p>Due to the AISI-304 steel used in the manufacture of these clips, their corrosion resistance is outstanding. They are recommended especially in outdoor applications.</p>	5	7	23012108	7,3	4,3	6,0	11,5	0,6	2000	16000	INOX
